

BANDAGING THE EQUINE LIMB

DIANA STOLBA DVM

Equine Distal Limb (Lower limb)

Supplies:

- Sterile Telfa (nonstick Gauze)
- White kling cotton
- Cotton Quilt or cotton padding
- Brown Gauze
- Vet wrap
- Elastikon

Step 1:

Cover wound with sterile telfa and Kling wrap

Step 2:

Wrap cotton roll or quilt (front to back)

Step 3:

Brown Gauze (leave 1 inch of white padding above and below)

Step 4:

Vet wrap overlap half way each wrap making an even cylinder

Step 5:

Elastikon (do not apply tight) at top and bottom. 1/2 -1 inch on hair.

Step 6: Stack Wrap

If upper limb repeat previous steps above hock or carpus.
